CHAKRA OFFERS TECHNOLOGY SOLUTIONS

Today's economic climate requires that companies manage communication requirements effectively. Businesses need to creatively differentiate themselves, increase customer acquisition and retention, manage, enhance and leverage brand recognition, reduce costs, and maintain top-of-mind awareness. Chakra's wide array of technology solutions combined with products and services will allow you to do just that.

Wide Array of Options

Chakra provides on-demand communication solutions which allow businesses to effectively buy, manage, and distribute communications in alignment with corporate objectives. Chakra's solutions include:

- Content Management Systems (CMS) for websites and e-newsletters
- Email marketing offerings
- Web-to-print systems
- Digital asset management solutions
- Digital workflow platforms
- Electronic publishing options
- Internet-based collateral management and distribution services
- Digital signage
- Digital Printing

Create and Communicate Content with Chakra

Severely competitive environments require that businesses are flexible and dynamic, eco-friendly and cost conscious. These elements have been the driving philosophy in the development of Chakra's technology platform. We constantly innovate to bring you solutions that eliminate waste, reduce cost, reduce the impact on our environment, reduce obsolescence and improve time to market, improve response rates and provide tools to measure efficacy.

Call Chakra today for all of your communication requirements. We will bring a refreshing change to the way you create and communicate your message.
